PRODUCT CATALOGUE

2011

MAGICFX®

MAGIC FX is a Dutch manufacturer of professional special effects machines and equipment. A special effects specialist since its creation in 1995. All products are made under the brand MAGICFX® which has a strong reputation for quality. Our products are designed and produced in accordance with European quality standards. From idea till finished product, through the design, prototyping and production, MAGIC FX controls the complete production process in its own factory based in Holland.

Besides MAGICFX is Europe's largest supplier of high quality confetti products and streamers. Because of our major stock level we are able to deliver any quantity for the lowest prices directly from stock.

MAGICFX® serves special effects professionals all over the world and supplies products directly or through its sales network of distributors located in 73 countries.

Professionals choose for MAGICFX®. Our products are famous from many large events and concerts from famous artists (DJ Tiësto World Tour, Sensation White, Eurovision Song Contest, Fifa World Cup, Disney, Olympic Games etc.)

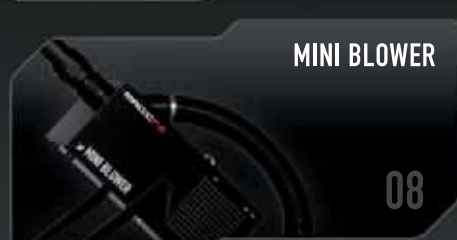

In this catalogue you will find our product range of 2010 including some innovative new special effects! We hope this new catalogue inspires you to design even more spectacular shows than before and continue your specialty... Making your audience scream!

Enough said... take a look at this catalogue and enjoy it as much as we do!

Your MAGICFX team!

SPECIAL EFFECTS FOR THOSE WHO CHOOSE QUALITY!

PRODUCT INFO

The Power Shots are the most easy and professional confetti and streamer shot units available. The Power Shots are designed to fire prefilled single use electric cannons. The electric cannons contain a pressurized nitrogen cartridge for a powerful effect. The cannons are available in 40 and 80 cm's, prefilled with confetti or streamers. Electric cannons save time, are available at a low price and are easy to use. Electric cannons launch confetti up to 12 meters and streamers up to 20 meters!

The Power Shot fires a cannon as soon as it is connected to a 230V power source. This makes it possible to fire cannons easily by any 230V power switch. Imagine all possibilities: by remote control, by a foot switch or in combination with a switch pack by DMX.

Product code	: MFX0301
Voltage	: 230VAC / 50HZ
Power	: 100W
Output	: 40cm confetti cannons 5m 80cm confetti cannons 12m 40cm streamer cannons 12m 80cm streamer cannons 20m

Consumption : CO2 gas (liquid)
Capacity : 3-5kgs confetti p/m
Output : 15m

MF0802 : Super Blaster XL
Power : manual
Size : 66cm x 38cm x 135cm
(closed road case)
Weight : 51kgs
Consumption : CO2 gas (liquid)
Capacity : 10-15kgs confetti p/m
Output : 25m

PRODUCT INFO

The famous MAGICFX CO2 Jets create cryogenic fog plumes of approx 8m high. The effect is very reliable and repeatable because of its high quality and high quality valve.

The CO2 Jets can be mounted in truss constructions or placed on stages. The CO2 Jets must be used with liquid CO2 bottles. When the CO2 comes out of the Jets there will be a loud sizzling sound which make the effect even more spectacular!

CO2 bottles can be purchased or rented separately. The new CO2 Jets are equipped with a 230V IEC in-out connector to control them separately or linked in one line. If the CO2 Jets are connected to a switch pack they are controllable by DMX.

Product code	: MFX1101
Size	: 13x8x13cm - pipe: 20.5cm base plate: 20x 12.5 cm
Weight	: 2.6 kg
Voltage	: 230 V
Power	: 20 W
Service	: 230V on/off or DMX by using a switch pack
Consumption/Capacity	: CO2 gas (liquid with a dip-pipe)
Output	: (depending on the humidity) approx. 8 m

EFFECTS

CO2 GUN

PRODUCT INFO

The CO2 Gun is a handheld gun which can blast white cryogenic fog plumes. The CO2 Gun is a new innovative and spectacular eye catcher for DJ's and dancers! The CO2 Gun must be connected to a CO2 cylinder (liquid CO2) by using a flexible high pressure CO2 hose.

Size	: 57x21 cm
Weight	: 1.5 kg
Consumption/Capacity	: CO2 (liquid with a dip pipe)
Output	: depending on the humidity approx. 8 m

NEW

PRODUCT INFO

The new CO2 Dominator is the big brother of the popular CO2 Jet! The Dominator is a dmx controllable 5-way CO2 machine which offers endless possibilities in CO2 effects. The Dominator has DMX on board and is equipped with 2 red LED's on the backside of the unit to warn everyone on stage.

With the new CO2 Dominator you can design and create CO2 effects which has never been shown before. For example: Create a fan shape, a star, project CO2 plumes which dance on the music, connect lights to project coloured CO2 or create one massive CO2 TORNADO! The CO2 Dominator, for the most extreme CO2 effects you have ever seen!

Product code	: MFX1150
Voltage	: 230VAC
Power	: 125W
Size	: Base 35cm x 35cm x 15cm Pipes 22cm Ø5cm
Weight	: 18kgs

EFFECTS

EFFECTS

'connect lights to project coloured CO2!'

PRODUCT INFO

The new MAGICFX® Stage Flame is the flame system of today! The Stage Flame allows the user to use aerosol cannisters or propane gas from a propane gas bottle. With a 500g aerosol can you can produce 250 - 275 flame balls! The Stage Flame has also a mode to use both gas sources at the same time to create a 'big flame'. The Stage Flame is DMX controllable, designed for professional use and equipped with only high quality European components for maximum safety. The on board DMX module uses two DMX addresses, one safety address and one fire address. For the big flame option there is a third DMX address so you can produce standard flames and big flames for more variety. The Stage Flame contains 2 red LED's to warn the artist on stage. The Stage Flame is also equipped with an infrared sensor which shuts down the unit as soon as it is subject to a big shock or when it is tilted. Besides the Stage Flame has built in flashback arrestors and a flame detection system for maximum safety!

Product code	: MFX1201
Voltage	: 230VAC
Power	: 100W
Output	: aerosol cans: 3-4m / propane gas: 4-5m / big-flame: 6-8m
Size	: 36cm x 31cm x 21cm
Weight	: 11.5kgs

EFFECTS

Aerosol cans

Propane gas

NEW

PRODUCT INFO

The MAGICFX® FLAMANIAC is a unique flame unit which produces coloured flames in 5 different directions up to 6m. The system doesn't need any gas or external pressure vessels. It is a plug and play system. The unit works with special flame liquid which is available in yellow, blue, green, red and purple. With 1 can of 2.5L you can produce approx 300 flames. The FLAMANIAC is DMX controllable, designed for professional use and equipped with the best quality European components for 200% reliability. The FLAMANIAC uses 5 different valves and 1 ignitor. For safety reasons the FLAMANIAC is equipped with a DMX safety channel which needs to be opened between 40-60%. You can choose if you like to use only 1 DMX fire address or 5 different fire addresses. The FLAMANIAC comes complete including a remote controller to install the system.

Product code	: MFX1301
Voltage	: 230VAC
Power	: 100W
Output	: 5 different angles, up to 6m.
Size	: 34cm x 31cm x 24cm
Weight	: 17.5kgs

NEW

PRODUCT INFO

The MAGICFX® BUBBLE TORNADO is a new and much better version of the previous Bubble Monster. The BUBBLE TORNADO is equipped with 4 high quality EBM fans. Two fans will blow the bubbles through the bubble disks and two powerful fans will project the bubbles. This air flow creates the perfect bubbles and it also allows you to project the bubbles in an angle of 90°.

The bubble disks can be exchanged from standard bubbles to XL bubbles!

The BUBBLE TORNADO has DMX on board but can also be controlled manually.

Product code	: MFX1601
Voltage	: 230VAC
Power	: 400W
Size	: 63cm x 36,5cm x 53,5cm
Weight	: 40kgs

EFFECTS

MFX3001 MAGICFX® Pro Bubble Fluid 5L

Exchangeable Bubble disks (for standard or XL bubbles!)

PRODUCT INFO

The Stage Blower is a high power radial fan which can be used for spreading fog from a fog machine or as an extra power fan to enlarge the output for confetti, bubbles or snow effects. The solid housing of the Stage Blower is made of long lasting synetic material. The Stage Fans are equipped with a double wire-guard for high safety.

The Stage Blower has 3 different fan speeds.

MFX0701	: Stage Blower
Voltage	: 230VAC / 50HZ
Power	: 1000W
Size	: 51 x 49 x 45cm
Weight	: 18kgs

STAGE FANS

PRODUCT INFO

The Stage Fans are powerful and reliable fans especially designed to use for a low noise wind effect on stage. The Stage Fans are stackable and the solid housing is made of long lasting synetic material. The Stage Fans are equipped with a double wire-guard for high safety. Controllable by a dimmer. Different blowing directions possible.

MFX2501	: Stage Fan	MFX2502	: Stage Fan XL
Voltage	: 230VAC / 50HZ	Voltage	: 230VAC / 50HZ
Power	: 230W	Power	: 290W
Size	: Ø40cm	Size	: Ø50cm
Weight	: 12.5kgs	Weight	: 15kgs
Capacity	: 4500 M3 p/h	Capacity	: 7000 M3 p/h

SKY TUBE FAN

PRODUCT INFO

The Sky Tube Fan is a powerful and durable mobile fan for Sky Tubes and Sky Dancers. The solid housing is made of long lasting synetic material. The durable motor is waterproof and has a low energy consumption. The Motor is equipped with an integrated thermal protection. The Sky Tube Fan is equipped with a double wire-guard for high safety. The Sky Tube Fan can be used for Sky Tubes of 8m, 1 leg Sky Dancers of 6m and 2 leg Sky Dancers of 9m (2 Sky Tubes Fans required).

MFX2601	: Sky Tube Fan
Voltage	: 230VAC / 50HZ
Power	: 600W
Size	: Ø40cm
Weight	: 12.5kgs
Capacity	: 6000 M3 p/h
Fan Speed	: 2800 RPM

PRODUCT INFO

The Effect'Ivator 1 is an easy 230V ON/OFF controller to control all machines which are activated by 230V.
The Effect'Ivator is equipped with a FIRE button for firing effects such as Power Shots, Stadium Shots, Power Drops and CO2 Jets.
Besides there's also a switch to control machines which require electronic input for a longer duration such as Stage Fans.

Product code	: MFX3201
Size	: 16cm x 11cm x 8cm
Weight	: 1.5kgs
Power	: 230VAC / 50Hz / 10Amp

EFFECT'IVATOR 4

PRODUCT INFO

The Effect'Ivator 4 is the big brother of the Effect'Ivator 1.
The Effect'Ivator 4 is a 4 channel controller equipped with 4 FIRE buttons to cue effects and 4 switches to switch on effect machines, lights etc.

Product code	: MFX3202
Size	: 37.5cm x 16cm x 12cm
Weight	: 2.8kgs
Power	: 230VAC / 50Hz / 10Amp (5Amp each channel)

FOOT SWITCH / EM. STOP

PRODUCT INFO

The Foot Switch (pedal) is an easy 230V ON/OFF controller which is ideal for bands when for example the drummer wants to control the effects by his foot.

The Foot Switch can also be used as an extra security controller in combination with other controllers.

Product code	: MFX3203
--------------	-----------

PRODUCT INFO

The Emergency stop is highly recommended for every kind of effects machine. In case of a dangerous situation you can always push this button to switch off all machines.

Product code	: MFX1204
--------------	-----------

PRODUCT INFO

A reliable and secure 230V remote control system optimally engineered by MAGIC FX. The Effects Box has a built-in memorised learn decoder to program or link the different channels. Installation simply requires connections to power supply which saves a lot of time on site. The system has a unique identity of 65,536 code combinations (16 bit encryption) for maximum safety.
