YEARS IN BUSINESS & STILL YOUNG AT HEART

HITEC Luxembourg S.A., a 100%-owned Luxembourg company, has developed its business activities in the field of innovative and quality products and services. The company is ISO 9001 certified for engineering, analysis, consulting, manufacturing, maintenance and sales of systems in mechanics, electronics, physical measuring techniques as well as information and communication technologies. The Luxembourg ESR label for corporate social responsibility (CSR) certifies the commitment by HITEC Luxembourg to monitor and promote an approach to CSR with respect to economic, social and environmental dimensions of its stakeholders. HITEC Luxembourg offers high technology solutions covering different business areas: satellite ground segment technology; customer specific and standard equipment for testing and measuring of physical properties; engineering; consulting; software & ICT development and project management.

At HITEC Luxembourg you will be part of a dynamic team working on both project and product developments and have the possibility to participate in complete lifecycles of product families and to gain project experience. You will be working in a stimulating and entrepreneurial environment and offered a salary package commensurate with your background.

To strengthen our team in the field of Engineering, we have an immediate opening:

Mechanical Engineer **BEng/MEng, BSc/MSc (M/F)(ref. MECH-1102)**

Your activity

- Contribute to the development and mechanical engineering activities for prototype and series products
- Generation of 3D CAD models and derivation of production drawings
- Specification and selection of machine components and processes
- Support to documentation, testing and commissioning of mechanical parts and assemblies

Your knowledge, your profile

- Good background in machine design
- Experience with 3D CAD software is a must, preferably "Autodesk Inventor"
- Any other CAE experience is a plus
- Good team spirit
- Ability to work in an English speaking environment for both discussions and documentations. German, French and Luxembourgish are considered as a plus
- Experience is an advantage
- Have a bachelor or master degree
